## BRAD GROVES APPOINTED TO WELLARD RURAL EXPORTS

Wellard Rural Exports has appointed experienced stockman Brad Groves as the company's northern-based buyer.

Brad joins Wellard after eight years working for Landmark in Three Springs

He will continue to live in Three Springs and will buy sheep for Wellard across the Central Midlands, Mid West and Pastoral areas of WA.

"Wellard is the leader in the live export industry so it is great to have the opportunity to work with a company that is extremely proactive in its support for farmers, the live export industry and the community in general," Brad said.

Brad replaces Chris French who has moved to Kojonup, where he will continue to source sheep for Wellard.

Wellard Managing Director Steve Meerwald said the Wellard was fortunate to be able to secure a buyer of Brad's standing and experience.

"Brad has a great understanding of the central and northern agricultural area as well as the pastoral zones, so will be a great asset for Wellard as we grow our sheep division," he said.
